DAILY UPDATE 1 : IMPORTANT DAY

World Bicycle Day : 03 June :-

World Bicycle Day is commemorated every year on June 3rd. Professor Leszek Sibilski, a Polish-American social scientist working in the United States, was the first to propose the notion of marking World Bicycle Day. He finally gained support from Turkmenistan and 56 other nations. In April 2018, the United Nations General Assembly declared that World Bicycle Day would be observed annually on June 3. Every year, World Bicycle Day is observed to raise awareness about the benefits of cycling and urge more people to take up this mode of transportation to enable a sustainable way of living.

MCA to release stamp, coffee table book on occasion of Wankhede's 50th year :-

The Mumbai Cricket Association will host a major event in November to commemorate the Wankhede Stadium's 50th anniversary. "To mark the special occasion, the MCA, in association with the postal department of the government of India, will release a special stamp. The association will also launch a coffee table book, which will have pictures of all the memorable cricketing moments at the Wankhede Stadium," a source said. In 1974-75, the Wankhede Stadium hosted its maiden Test against the West Indies. India lost the match by 201 runs.

Sikkim High Court introduces menstrual leave policy for its women employees :-

In a first-of-its-kind move, the Sikkim High Court has implemented a menstruation leave policy for its female staff in the registry. In a statement, the Sikkim High Court registry stated that female employees may take "2-3 days of menstrual leave" per month. However, such leave would be allowed only with the prior suggestion of the High Court's Medical Officer. "This leave will not be counted against the employee's overall leave account," the notification stated. The Sikkim High Court is the first High Court to introduce a menstrual leave policy.

Kerala Introduces Artificial Intelligence Learning In School Textbooks :-

After training secondary school teachers in artificial intelligence (AI) over the summer, the Kerala State has taken a big step forward in adopting this quickly developing technology by incorporating AI into textbooks. In an attempt to guarantee that all students are exposed to the benefits of AI, rather than making it optional for a select few, AI has been incorporated into textbooks for class 7. Over 4 lakh students will get the opportunity to become familiar with AI in the new academic year with its introduction in the information and communications technology (ICT) textbook of Class 7.
