DAILY UPDATE 1 : IMPORTANT DAY

World Environment Day : 05 June :-

World Environment Day (WED) is observed yearly on June 5th. In 1972, the United Nations Environment Programme (UNEP) launched the World Environment Day. World Environment Day is one of the largest international environmental celebrations. It is a forum that promotes awareness about the environmental issues confronting our planet. The day also provides an opportunity to encourage environmental changes and sustainable behaviors. This year, the Kingdom of Saudi Arabia will host the 2024 Environment Day celebration with the theme "Land Restoration, Desertification and Drought Resilience".

Lok Sabha Election Results 2024 :-

The Election Commission of India has announced the results for 542 of the 543 Lok Sabha constituencies, with the BJP gaining 240 seats and the Congress 99. According to the results announced early on June 4, Prime Minister Narendra Modi is set to establish the government for a third straight term, with the BJP-led National Democratic Alliance (NDA) securing a majority in the Lok Sabha. The BJP, whose candidates contested in the name of Modi, won in 240 seats, falling short of the 272 majority mark and needing the support of allies in the party-led NDA for government formation, a far cry from the 303 and 282 seats it had won in 2019 and 2014.
