DAILY UPDATE 1 : IMPORTANT DAY

World Food Safety Day : 07 June :-

Annually on June 7, the entire world commemorates World Food Safety Day to emphasize the need of upholding food standards. Every year, 4,20,000 people die worldwide as a result of illnesses caused by tainted food, according to the World Health Organization. The current increase in such diseases from food is due to a lack of purity and increased usage of chemicals (Toxic substance). Another major problem is the contamination of water as well. The theme for World Food Safety Day 2024 is 'Food Safety: Prepare for the Unexpected.'
