World Zoonoses Day : 06 July :-

Every year on July 6, World Zoonoses Day commemorates the first vaccine against zoonotic illnesses. Zoonosis refers to any sickness or infection that is transmitted from an animal to people. The infection's transmitted agents could include any bacterial, viral, or parasitic pathogen. Rabies, Ebola, Swine Flu, Zika, Plague, Dengue, and Covid-19 are just a few of the most frequent zoonotic diseases. The theme for World Zoonoses Day 2024 is 'Preventing the spread of zoonotic diseases' and revolves around managing threats for future infections.

Former spy chief Dick Schoof sworn in as new Dutch Prime Minister :-

Breakthrough Point

The Netherlands has a new Prime Minister for the first time in 14 years, as Dutch King Willem-Alexander swore in the new government more than seven months after elections dominated by a far-right, anti-Islam party. Dick Schoof, the former chief of the Dutch intelligence agency and counterterrorism office, signed the official royal decree at Huis Ten Bosch Palace, stating he "declared and promised" to carry out his obligations as prime minister. The 67-year-old was formally installed alongside 15 other ministers who make up the country's right-leaning coalition.
